Welcome to Community Calculus. There are four versions of the text in two formats. On this page is the multivariable, late transcendentals version. The book was last updated June 18, 2020, 20:31. Until the 2021 edition I will generally make only minor changes, such as typos and wrong answers to exercises.

**Community Calculus**  
Late transcendentals: develop differential calculus using only polynomials and rational functions as examples and introduce the rest afterwards. Most American universities seem to use the early transcendentals approach, but I have never seen any empirical evidence that it is superior (e.g. higher pass rates, success rates in courses which ...
