Health Care Reform - The New York Times

Donald Trump and the Republicans in Congress are trying to take away America's health care by repealing the Affordable Care Act (ACA), slashing Medicaid, and privatizing Medicare. The Republican plan would take away health care from more than 30 million Americans, increase premiums and deductibles for everyone with insurance, and put consumers at the mercy of big health insurance companies again.

Healthcare-NOW! - Organizing for a national, single-payer ...

The United States needed to reform health care because the cost was so high. Medical bankruptcies affected up to 2 million people. 1 Rising health care costs threatened to consume the entire federal budget. It made the cost of preventive care unaffordable. That sent many low-income people to the emergency room, raising costs even higher.

Why We Need Health Care Reform in the US

Healthcare reform basically refers to a process of changing the system and how it works to make it better for all Americans. It has many faults and problems as it is at the moment and reform calls for changes to address them. Healthcare reform is not something that can happen overnight or that will be easy.
