Teaching and learning are important processes that are linked to the acquisition of knowledge, values, traditions, skills, behaviors, etc. These two processes are at the two ends of the knowledge acquisition process. Teaching involves imparting knowledge whereas learning involves acquiring knowledge. This is the main difference between teaching and learning.

Difference Between Teaching and Learning | Definition ...

Teaching is the process of imparting information. Learning is the process of receiving knowledge as evidenced by a positive or negative change which lasts for a fairly long time. Teaching is attributed with more authority, autonomy, and expertise. Teaching as a process needs learners while learning can happen even without teachers.
