Translations: A Play book by Brian Friel

About the only thing I can say against this play is that I'm completely incapable of imagining it inside my head. The Celtic words are so strange that they continually drag me away from the play, as I try to figure out how they sound, and the fact that Friel uses English to represent two different languages doesn't help. But none of this is any fault of the play, but merely a symptom of my own ...

Translation is the communication of the meaning of a source language text by means of an equivalent target language text. The English language draws a terminological distinction (which does not exist in every language) between translating (a written text) and interpreting (oral or signed communication between users of different languages); under this distinction, translation can begin only ...
