I can't help but think of this book now when I walk downtown or when I speed down horrifyingly designed streets. I think my favorite This book outlines ten steps to making a city more walkable, and what is so fascinating is that many of the principles and their side effects are the opposite of what you would

How Downtown Can Save

America, One Step At A Time

How Downtown Can Save America, One Step at a Time, is worth a read for its acerbic wit, alone. The author fits a remarkable collection of data and anecdotal evidence from his long career in urban design (which included a four-year stint at the helm of the National Endowment for the Arts' design department) into a mere 260 pages
